Dear Mr. Dobbs,

Thank you for your efforts in defeating the "Comprehensive Immigration" bill and standing up for the middle class.

Enclosed are three disk you might find interesting

- "The Illegal Immigration Invasion" (You are mentioned in this video)
- "Money Masters" Several informative videos about the FED
- "Energy Information" A collection of suppressed energy devices.

Also enclosed is a flyer distributed to those who complain about the cost of gasoline. (Documentation for the statements is on the "Energy Information" CD)

Thanks again for your "Lou Dobbs Tonight" program information. My wife, not native born, also enjoys your program.

Best regards,

Byron S. Wine III
